has been so far in the Treasury situation in this city that McClellan has not yet received direction to decline. Many persons have been to see him, and will probably do so to-day. There is no question as to his stand given the Comptroller to do what he has done in the matter, and no attempt to remove him will be made. The law would not allow it, and the Abolition and Abolition Democrats would not permit it. The Democrats contend themselves with this, the matter of trusting Hall and his own Democrats will be to

RAILROAD MATTERS.

The LaSalle & Chicago Railway—Letter from Carter H. Harrison.

CHICAGO, Sept. 18.

Hon. Joshua Jackson, Esq., Chicago, Ill.:

DEAR SIR: Though preferring not to enter into a newspaper controversy, I yet feel constrained to answer your note published in yesterday's Tribune. You take me to task for my mistakes of facts. If my communications in THE TRIBUNE and *Times* are not satisfactory to you, I desire to state that I have not made up their minds as to what are those facts, or they are in the habit of using words for the refreshment of the Lost week the gentleman, who has been most active in pressing this thing before the Common Council, kissed to myself and another and confidential herself to a friend, and in the presence of a third party, that the terminus of the road was Council Bluffs. A banker, interested in the enterprise, and with whom I have constant consultation within the past week, corroborates this statement. Both claimed you would make a saving of seventy miles to that point. You will remember that the objective point. Probably when your profiles arrive in will take some departure. If I misstated, it was because I was led into my error by the uncertainty in the minds of the owners of this charter of 1847, who had not determined whether they would go to make the best speculation out of the property. They seem to have been in doubt whether they could "treat" with Chicago for cash; treat to Providence for their future guidance. I sincerely hope they will not be disappointed. Providence does not shall lose 10 per cent of $2,000,000 earnings you so generously promised to the road.

I doubt, my dear sir, if Chicago feels any great alarm from your recent threat to carry the road south of the lake. The reply made to those who have been clamoring for Chicago to build the road—if will do in this connection. That is a tremendous job, the exercise of the old Roman adage—"He who wishes on the road by a mountain must climb it or kill himself." Oh, no! but that road died in a hurry. We are all willing that all roads lead to Rome. Paid for compensation to us the best way to Chicago, and we will meet you in Chicago, and quoted rates, do not more on mine.

You tell us that no consolidation with Chicago, Burlington & Quincy, or any other railroad, could be made by the Legislature; but the Constitution of the State forbids it. I regret, sir, that in thus posting those of rings, monopolies, &c., you have not given us a clear statement of the law governing the case. Will you not favor us with the name of the Constitutional provision to which you refer? Is it not a fact that the Legislature has the power to grant the right to consolidate, and that the Constitution only forbids the consolidation of parallel roads

COMMON COUNCIL MEETING.

Detective Assessment Roll—The Erring Women's Refuge.

Cincinnati's Council Coming—The Canal Contractors.

Raids on Houses of Prostitution—Montgomery's Opinion.

Sewerage System—Fourth Street—The Steele School District.

A regular meeting of the Council was held yesterday evening, the President in the Chair.

Present, 21 aldermen: Ald. Mackenzie, Dixon, Montgomery, Cory, Thompson, Whitaker, Darby, Tracy, Bellerose, Powell (W. B.), Bailey, Powell (Geo. L.), Sandvick, Wiss, Walsh, Steele, McGrane, Wilmot, Campbell, Shea, Gill, Medrick, Tyler, Bennett, Schintz, Schettler, Carney, McCaffrey, McCauley, Clarke, Dunn, Stone.

DETECTIVE ASSESSMENT ROLL.

The Mayor reviewed, without his approval, the assessment roll for the detective force, for the reason that it was not levied by the Corporation Counsel first as there was no meeting held on the 15th of August, the 3d Tuesday in the month, as required by law. But for this fact, the appointees would be liable to be taken off. On motion of Ald. Cory, the roll was received, recorded, and levied.

The vote by which the rolls were confirmed was reconsidered, on motion of Ald. Montgomery, and the Board of Public Works in order that new ones might be prepared.

THE ERRING WOMEN'S REFUGE.

The following communication from the Mayor was read:

CHICAGO, Sept. 19, 1871.

To the Common Council of the City of Chicago:

GENTLEMEN: I return herewith, without my approval, the ordinance, passed by your honorable body on the 5th inst., for the purpose of appropriating $5,000 to the Erring Women's Refuge, for the reason that no such institution exists in the city, and I do not deem it necessary to create one at present. If, however, there should seem to be a necessity for such an institution hereafter, I shall be glad to avail myself of the opportunity to take such steps in the premises as may be necessary to carry out the intentions of your honorable body.

Respectfully submitted,

THOMAS HOYNE, Mayor.

Ald. Bellerose moved that the Mayor and Comptroller be authorized to take enough money from the new appropriation to pay the bills.

Ald. Montgomery's motion was adopted.

Ald. Bellerose moved to take up Ald. Schintz's motion on the table.

Ald. Montgomery moved to lay the motion on the table.

The motion was lost—yeas, 7; nays, 19.

Ald. Bellerose moved to reconsider the vote by which the motion to lay on the table was carried.

Ald. McCauley objected to the passage of both bills until the Board of Public Works had a school plan, recently suggested, under consideration. They knew what they would get for another school on the South Side.

Ald. Powell said the committee had not reported on the Kinzie School, since they could not agree. They had got their bid on the South Side, and there was no reason why they should not get a bid on the North Side.

Ald. Montgomery moved to lay the motion to reconsider on the table.

The motion to lay on the table was lost—yeas, 12; nays, 14.

Ald. Dixon wanted Bowling St. The Alderman from the North Side [Powell] had got a school for the South Side, Alderman Tracy had got a school for the South Side, Alderman Cleveland had got a school for the South Side, and he [Dixon] had got nothing. He wanted a school for Bowling street, and intended to stay here until he got it.

Ald. Schintz replied to Ald. Bellerose.

Ald. Bellerose moved that the Board of Public Schools should report next week.

The motion was adopted by a unanimous vote.

Ald. Bellerose moved that the Board of Public Schools be instructed to report said week—yeas, 32; nays, 0.

Petitions for school accommodations for residents of the First Ward, corner of Wells and Division streets, and for a school on Larrabee street, from Noble to Pauline.

For a sidewalk on Pontaryat street, from Huron to the Lincoln Avenue road, and on Clark street, from Fullerton avenue to the North Side Park, to connect with the sidewalk on the Fullerton avenue bridge; a remonstrance against improving Clark street; and a remonstrance against improving Larrabee street, from Division to Scott, from Cass and Carroll streets were presented and referred.

No notice, the Council adjourned.

Convention.

It was stated, Wednesday, Mr. Turner, Mr. Carter, Alderman from the Eighteenth Ward, voted for Mr. Lincoln for Governor. Mr. Smith voted for the former for the purchase of the new water lot. He was not present when the matter was under consideration.

HICKEY AND LONERGAN.

The Wily Mike Attempts to "Play Sharp," but Comes to Grief.

The attorneys of Messrs. Hickey and Lonergan being at Ottawa, at which place the Supreme Court of the State is in session, conceived a plan by which Hickey and Lonergan might, perhaps, get free from the meshes of the law which have been cast around them by the able and astute efforts of Judge South, by which they were to surrender themselves to answer an indictment for manslaughter, for the act of murdering Billy Morgan from the custody of the Criminal Court.

It was well known that the Supreme Court had been petitioned to grant a writ of habeas corpus in the case of Hickey, but it would be well nigh impossible for the Court to grant the writ before the 1st of October, the first day of the October term. It was also understood that the Court would not grant the writ, even if it had the power to do so, before the October term. It was also known that the Court would not grant the writ, even if it had the power to do so, before the October term. It was also known that the Court would not grant the writ, even if it had the power to do so, before the October term.

Our Motels.

In all matters of comfort pertaining to a first-class hotel, the Sherman House is the model. Its proprietor is now not only universally conceded to be a live, accommodating gentleman, but his house is the best conducted establishment with which the city is favored. Its tables are supplied with the best the market affords, and its rooms are unsurpassed for neatness and comfort. Its location is in the very heart of the business portion of the city, and it is the most popular hotel in the city.

Babcock Refrigerators.

Messrs. Smith, Hale & Co. are now supplying Babcock refrigerators to their customers, and are ready to receive orders for the best ice chests in the market. Those who have used them pronounce them perfect in every respect, and the manufacturers refer to the fact that they have received the highest premium at every fair where they have been exhibited. Call at the warerooms, 56 and 58 Lake street, and examine them.

BASE BALL.

ATHLETICS VS. WHITE STOCKINGS.

The White Stockings received a bad setback in their pets for the championship, on yesterday, being fairly outplayed and beaten by the Athletics, of Philadelphia. They had won two games from the Athletics, the first in Chicago, and the second in Philadelphia, and had lost but one, so that their chances for winning the series were considered excellent, the more so that it was understood that McBride, the Athletic pitcher, was partially disabled, and could not play, or, if he did, his speed not come up to his usual standard of effectiveness. But McBride had in reality been laying off for this very game. He had every thing depending on his success, though he had to 3 started on and off the field, and he kept his word with a vengeance. He was master of the position, and, however, the Chairman was authorized to proceed with the business of informally adopting the revised rates in the absence of a quorum.

THE NIAGARA CANAL.

The Chair stated that Colonel Thomas, of Iowa, was present. He had been traveling through the Eastern States in the interest of The International Niagara Canal. He called upon the Secretary to read some resolutions expressive of the feeling of the board in regard to taking any part in the contemplated Jubilee.

The resolutions were read, as follows:

Whereas, The Board of Directors has learned of the proposed call by the Governors of the several States bordering on the Great Lakes, to convene to-day in the city of Detroit, for the purpose of considering the subject of the enlargement of the Welland Canal of the United States the international communication between the Great Lakes and the Atlantic Ocean by a continuous line of navigation, and the improvement of the Niagara River, so as to admit of the passage of vessels of the largest class now navigating the Great Lakes; and

Whereas, We hold that at present no vent to the commerce of the Great Lakes is of equal importance to the Welland Canal, the improvement of that canal to the capacity of the largest class of vessels navigating the Great Lakes is of the first importance to the commerce of the Great Lakes; and

Whereas, We hold that the improvement of the Welland Canal to the capacity of the largest class of vessels navigating the Great Lakes will allow ships to go all the way with their cargoes from the head of Lake Superior to the ocean without breaking bulk, and thus save the immense cost of transhipment at Buffalo, and the delay of from one to two weeks in the passage of the Welland Canal
